HOOFLAND'S GERMAN BITTERS.
AND
Hoofland's German Tonic.

THE GREAT REMEDIES
FOR ALL DISEASES OF
THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixture of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters,

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

These are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEARTBURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERINGS AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSTURE, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAININ THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, pursuing only that which he is assured from his investigations and inquiries possesses true merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS
AND
HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON,*
PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited more truly humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone of vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instill new life into the veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expressive, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons THE BITTERS, or the TONIC, is especially recommended.

WEAK & DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietors, but space will allow of but the publication of but few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:

Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly,

GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 28, 1866.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as one of any appropriate place in the Church declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates St.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from deseases arising from derangement of the liver. Yours truly,

E. D. FENDALL.

These Instruments stand unrivalled by any thing found in this country or in Europe, as is admitted by all impartial judges. PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) to be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. It is something to be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. In every thing changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

FRIDAY, NOV. 27, 1868.

CONGRESS will meet Monday week, to continue legislation in the interest of the negro.

THE negro suffrage amendment to the Missouri State Constitution is undoubtedly defeated. St. Louis, while giving a majority of 2,884 for Grant, gives 8,825 against it.

MINNESOTA gives Grant over 10,000 majority, and adopts the amendment striking the word "white" from the State Constitution. The concession to the blacks is a fiction; for there are none in the State.

THE city of Galena forms two townships, East and West, and Gen. Grant's residence is on the East side. This gives twenty-eight Republican majority, while the West side gives twenty Democratic majority.

THE Democrats polled in Massachusetts sixty thousand votes. Sixty thousand "good men and true" is a very respectable and strong party in Massachusetts, and not easily to be "put down" by the dominant party here.

GOVERNOR.—Hon. George W. Cass, of Pittsburg, Gen. Richard Coulter, of Westmoreland county, Gen. William McCandless, of Philadelphia, Hon. Hiester Clymer, of Berks, and others, are mentioned in connection with the Democratic nomination for Governor.

GRANT was great even in boyhood at breaking horses. But Prentice thinks that never before did he bestride so vicious a nag as Radicalism. We will wait and see whether the man breaks the nag or the nag the man, or each the other.

SOME of the red hot German Radicals in the West voted the following ticket at the late election: "No President at all. Abolition of that monarchical office by revision of the Constitution. Government of the people through their responsible agents in Congress."

A CAREFUL estimate of the number of white men disfranchised in the State of Missouri fixes the figure at *forty thousand*. That is a specimen of the way the recent Presidential election was carried in the States of the South. Is it strange that the Radicals are able to figure up majorities for their candidate?

ON the popular vote as it is, or was permitted, Grant has a majority of only about 300,000, and, to secure this, a Radical Congress by force prevented three States, sure for Seymour, from voting, disfranchised more than 500,000 Democrats in all the Southern States, and enfranchised 751,000 negroes fresh from slavery and the swamps.

WILL some of those Radical papers which prate so loudly of Democratic election frauds, and of contesting elections, please give us a short chapter on the mode adopted by their party for carrying on the canvass? Will they tell how much money was raised and expended—who gave and who received it, and state the special use for which it was employed?

IN reference to Gen. Grant's position as General of the Armies of the U. S., and the appointment of his successor when he resigns his commission, the Cincinnati *Commercial* says that the law creating the grade of General does not contemplate succession. When Gen. Grant resigns, the office will expire with the acceptance of his resignation. The highest rank will then be Lieutenant-General.

ONE of the latest Radical projects is to remove the National Capitol from Washington to some western city. The thousands of millions spent upon the public buildings are to go for nothing, so that Radical thieves may have another big job, as the erection of new buildings would prove. The Radical party is the most shameless and corrupt that ever cursed the country.

THE Central Lunatic Asylum at Columbus, Ohio, was destroyed by fire one night last week—originating from a defective flue. Six of the female inmates were smothered before aid could reach them, but their bodies were rescued. The rest were gotten out of the burning building safely. The scene is described as appalling.

IT is altogether probable that Geary will be re-nominated for Governor by the Radicals. Let them trot him out again. He has, by his vanity and silly blundering, disgusted many sensible men in his own party, and can be easily beaten at the polls. As John Covode said, "Geary is the *humbuggest* Governor Pennsylvania ever had"—and the people know it.

"TO BE DISPISED.—The poor malignant who can see nothing in the late political contest but a decision as to who should have the offices."—*Star.*

"And there were nine more standing at the door, and they all said they'd take"—the Post Office!

"And the Publican said he'd take"—the Post Office too!

"The controversy was far higher—as to whether free principles should have their perpetual home, and their full development, in this land.—*Star.*

"And the colored troops fought nobly"—"indeed dey did, sah"—*for* "de suffrage" and "de mules!"

THE Radical newspapers of this State seem to be *much exercised* over the question as to who shall be elected to represent the Radical party in the United States Senate instead of Mr. Buckalew. Some of them demand that the new incumbent shall be chosen with reference to his ability and fitness for the office. What folly it is for them to indulge in such silly talk? Do they not all know that there is only one question which will be considered? Before the Legislative caucus meets the whole thing will have been settled just as it was two years ago. Somebody will have bought up a majority of the Radical members, for so much a head, and they will vote for the man who pays best. The caucus nomination will be equivalent to an election, and the whole thing is only a question of dollars and cents. Everybody knows that.

PROFESSOR BROOKS went up in a balloon from Memphis, and at the height of eight thousand feet accidentally dropped a dog. The animal is supposed to have sustained no injuries, as no external marks were found—of injuries or of the dog.

PRESIDENT GRANT.

There is a great deal of speculation at the present time in reference to the policy likely to be pursued by General Grant upon his accession to the Presidency. And it is not confined to the Democrats, but is indulged in to a still greater extent by the Radical press and politicians. The General himself, even since his arrival at Washington, some weeks ago, is as reticent as ever, and every effort to commit him to any distinctive line of policy has thus far proved abortive. Nor is he willing that any public demonstration shall be made in his favor. He seems to keep the leading politicians of his party at arms-length, and as to the office-hunters he appears to be utterly callous to their claims. So far he keeps his own counsel, and this, of itself, causes disquietude and alarm among his followers.

The Lancaster *Intelligencer* expresses our idea exactly when it says: We are not much given to speculation, and are therefore willing to wait, Micawber-like, for something to turn up. At least we shall not pretend to foreshadow the policy of the new administration until we see the materials from which the Cabinet will be formed. Then, and not till then, can any sensible or safe opinion be indulged in as to the course things will take for the next four years. President Grant cannot please both factions of his party—Conservative and Radical He must take one or the other to his confidence, and be governed in his actions accordingly. If he takes Conservative ground, he displeases the Radical extremists—and, *vice versa*. Which of the two courses he will adopt remains to be seen, and the composition of the Cabinet will, to some extent, solve the mystery that now seems to cloud the public mind.

In the mean time the country is staggering along, as best it can, under a mountain load of debt, created by the party that has elevated General Grant to power, with scarcely a probability that the leaders have the financial skill, much less the stern integrity necessary to grapple in a statesmanlike manner with the gigantic questions which must be met boldly and fearlessly, or the Government will be precipitated into hopeless bankruptcy before the next Presidential term is half round. We hope for the best; but, in reality, the prospect for the future is gloomy in the extreme. The President elect may be able to stem the torrent that is rushing the country to destruction with fearful rapidity; but, so far, scarcely a gleam of hope shoots athwart the political sky. The majority of the people willed it so, however, and we must be content to take things as they come, with the pleasant consciousness that the responsibility for the extrication of the country from the impending evils, does not rest upon us.

KNOW NOTHINGISM.

The Radicals are reviving Know Nothingism. While persistently urging the enfranchisement of every ignorant and filthy *negro* in the country, they are endeavoring to place all foreign-born *white men* under disabilities. Their hostility to this class was shown in many ways at the recent elections; and now the N. Y. *Tribune* puts forth a scheme for amending the Constitution of the United States by the adoption of certain restrictions upon the naturalization of foreigners and of their right of voting, which are exceedingly unjust and illiberal. All the smaller fry of Radical organs are following in the wake of the *Tribune*. The services of the multitudes of Irish and Germans who gave their lives for the Union are being speedily forgotten, and the Radicals are displaying all the malignity of old oath-bound and proscriptive Know Nothingism towards them.

Let foreign-born citizens mark the utterances and the acts of these leaders of the party now in power. Let them note how they clamor for universal negro suffrage, while doing all they can to restrict foreign-born citizens in the exercise of that right.

THE Radicals of Georgia have held a meeting, at which it was resolved to exclude, if possible, the participation of negroes in politics, they having become fully satisfied from the results of the late election that negro suffrage will not work. Had the scalawags arrived at this conclusion twelve months ago, much of the trouble that now prevails in the South would have been obviated, and that disturbed section would have been in the enjoyment of comparative peace. We have, in this action of the Georgia Radicals, a striking contrast with the proposed action of the Northern Radicals. Having had a fair opportunity of practically testing impartial suffrage in the South, the "carpet-baggers" are going dead *up against it*, while in the North the leaders of the party are making it a pet measure.—*Bedford Gazette.*

A RUMOR has been traveling during the last week to the effect that some of the electors chosen by the States, and among them those chosen by the people of Pennsylvania, are resolved not to cast their votes in the Electoral College for General Grant. The allegation is that Grant refuses to commit himself, body and soul, to the keeping of the extreme Radicals.

THE official majority of Hon. A. A. Bradford, Republican delegate to Congress from Colorado, is seventeen; but to make up this majority for him, one district which is not in the State was counted!

THINGS are somewhat "mixed" in the South. "One of the prominent colored politicians" is credited with the following remark: "De darkies is gettin' dissatisfied. De fact is, we're beginnin' to tink dere is too many kinds of people here. Dere is de whites an' de blacks, an' de Yankees. Dat's too many to get along well, an' somebody's got to leave."

IT is a singular fact that no President of the United States, up to the present time, has had a child born in the White House. It is understood that the fact will not exist long after the 4th of March next.

BUTLER says Kilpatrick was put in prison for stealing mules; Kilpatrick is of the opinion that Butler ought to be for stealing spoons.

THE cultivation of broom corn is extending in Virginia. The yield averages a net profit of $44 per acre, not counting the seed, which is valuable for feed.

JOHN CRANE has been sentenced to two years' imprisonment with hard labor in Massachusetts, for a fraudulent return of property in his bankruptcy schedule.

THE POLITICAL SITUATION.

How They Look at It in Ohio.

The Cleveland *Plain Dealer* says the Democracy of the country have again grappled with the combined forces of the common enemy, and have failed to accomplish all that was desired. Having done well, and failed to secure complete success, Democrats have no excuses to offer, and no time to express unavailing regrets. The Republicans, as they still call themselves, owe their *success to unconstitutional enactments and flagrant frauds*; and, in their maudlin exultations, are plagued with a consciousness of the indelible disgrace which they have *so unceremoniously brought upon themselves* by the inexcusable means and methods adopted by their leaders to secure another four years' lease of power, and another opportunity to plunge their arms, up to their shoulders, into the already nearly exhausted resources of the nation. Such a triumph, at the cost of what little remained of the former respectability of that organization, will, like the apples of Sodom, turn to ashes and bitterness on the lips of those who have aided to secure it; while the Democrats, having contended manfully and honorably for the deliverance of our country from the evils, of misrule, extravagance, and usurpation, can, with a laudable pride, and with no less self respect, complacently contemplate the existing state of affairs and the duties and responsibilities of the present and immediate future. Our regrets are greatly modified by a realization of the fact, that as we have, in the midst of great discouragements, left no duty unperformed, so in the future we will assuredly win a triumph which shall be hailed as the harbinger of better and happier days. Nor can we forget that we have already gained much. The great State of New York, nearly equal in wealth and population to the whole of New England, has been gloriously redeemed from the blighting curse of Radicalism—a great change has been wrought in the elements of which the next Congress is to be composed—a majority of the reconstructed States have, *despite the efforts of the revolutionists* to render their subservient to their purposes, promptly declared themselves Democratic—and the election of Grant and Colfax is, even by the leading Republican presses, *pronounced no* victory of that party, and no justification of its ideas or policy. What, then, under all the circumstances of the case, is the duty of the Democracy of the country? It is, undeniably, the imperative duty of all Democrats, and of all conservative men, throughout the length and breadth of the land, to adhere to and perfect their already powerful organization, and thus prepare themselves for every contest and every emergency of the future. Let it be known and felt that we have not retreated an inch or lost a hair's breadth of ground, but, on the contrary, have gained many and great advantages. Let those who, as prompted by their fears or their hopes, counsel an abandonment of our time honored name, or a softening down of our rugged principles, or a tame acquiescence in the pernicious and hateful policies of our enemies, be unceremoniously drummed out of the Democratic camp, or marched to the rear of our serried hosts, and let the tried and trusted soldiers in the irrepressible conflict which has been successfully inaugurated be assigned to the posts of honor.

Democrats! having rested on your arms while the smoke of the late battle has been clearing away, arise in the strength of unconquerable manhood, and go forth to a conflict which shall be crowned with a triumph of imperishable honor.

SHALL DESPOTISM CONTINUE.

Now that the Presidential election is over, and the Radicals have secured the election of their candidates by disfranchising a large portion of the white men of ten States, perhaps the more conservative and thoughtful members of the Republican party, may be induced to examine into the practical workings of the system which the leaders of their party have inaugurated. It is plain that the material interests of the whole Nation have been much damaged by the policy which has been pursued. The industry of the South has been greatly crippled just at a time when all possible means should have been employed to stimulate it to renewed activity. Thus serious loss has been entailed upon the people of the North and the burthens imposed upon our working classes have been made much heavier than they should have been. This has been one strong reason why the Democracy have strenuously opposed the so-called reconstruction schemes of Congress.

But that is not all. The system has been throughout in direct opposition to the spirit of our Republican Institutions. Not only have the various acts of Congress relating to the Southern States been clearly unconstitutional, but they have been thoroughly tyrannical and perfectly despotic. The methods adopted for the disfranchisement of white men in the South have been well calculated to excite the indignation of every honest man, irrespective of his party affiliation.

In the county of Greenbrier, West Virginia, for instance, 1400 white men are disfranchised, embracing the great bulk of the property holders and the intelligence of the people. In the county town, with a population of over 1200, there are *only eight voters*. The registrars are often chosen from among the most disreputable portion of the population. In the county of Jefferson the chief of the board is a despicable fellow who was dismissed from the Confederate service for cowardice. He set up a rum shop afterwards, and making a little money, managed, by professions of loyalty, to do a thriving business while the Union armies occupied that section of Virginia. The second member of the board is a horse thief, who would be in the penitentiary if he had his just deserts. The third is a half-witted fellow who has no mind of his own. This board of rogues has disfranchised large numbers of those who were thoroughly true to the Union throughout the war. Their names were stricken from the roll of voters, without any cause being assigned, and one man who had served in the first Union Legislature was among the number.

Now we would ask any candid Republican whether he believes that elections conducted in such a manner can be regarded as an expression of the will of the American people? Can such a system be continued and our free institutions be expected to endure?

We call attention to these things now, not to influence an election which is over. We present them to the candid consideration of the Northern people, with the hope and the belief that they will be viewed in their true light, now that the excitement of a fierce political contest is passing away.

If ever, in the Providence of God, the people of the United States awake to a sense of the wrongs which have been perpetrated by the Radical leaders of the Republican party to secure their hold upon power, the masses of the North will see very clearly that every such outrage committed upon their fellow citizens of the Southern States is a blow at the liberties of the whole American people. Warned at last by a reflection upon the causes which led to the downfall of other Republics, they will marvel that they ever gave to such outrages the slightest seeming sanction.

We cannot conceive that any large portion of the Northern people will favor the continuance of such a system of unmitigated despotism in the South. We believe the masses of the Republican party have *the good sense to see* that it cannot endure in one part of the country and liberty survive in the other. We are confident that the demand for a change will be speedily made in tones which even the most Radical members of Congress cannot mistake; and we expect to see a return to constitutional government enforced by enlightened political judgment.—*Lancaster Intelligencer.*

THE PEOPLE TO BE FLANKED.

The Radical party is a cowardly, evasive, and, therefore, contemptible party. It has not dared to make a fair and well defined issue before the people. It has not dared to say that it approves the principles of impartial suffrage per se, or that it holds it as applicable to the States of the North. It has *never* dared to present the issue of negro suffrage to the people of Pennsylvania. On the contrary, its leaders and spokesmen during the late as well as during every preceding canvass, invariably and persistently denied that the question of suffrage was, in any shape, before the people. Now, some of the artful dodgers who manage the affairs of the party, propose a flank movement by which a decision of that question by the people is to be entirely avoided. They propose to get the dying Fortieth Congress, in its last agony, to pass an amendment to the Constitution conferring suffrage upon negroes everywhere, which amendment is to be ratified by the legislatures already chosen and thus fastened upon the people without their consent.

In behalf of the people of Pennsylvania, we *defy the next legislature to* attempt so wicked a thing as the imposition of negro suffrage upon this commonwealth without first submitting the question to popular arbitrament at the polls. Let them perpetrate this outrage if they dare. Every member of that body who thus robs his constituents of a dear and sacred right, is no better than a common thief, and deserves to be treated as a felon. The sleeping lion of popular vengeance will be roused from his lair and will tear in pieces the madmen who undertake to arrogate to themselves the reserved prerogatives of the people. The assumption that the right of the people of each State to regulate the suffrage for themselves, can be usurped by a set of Congressmen whose term of office is about to expire and a legislature not chosen with regard to any action upon that subject, cannot be tolerated for a moment. To do so is to surrender the reserved rights of the States and the people, as guaranteed in the constitution itself. Where is the man with soul so dead as to acknowledge himself the slave to submit to so gross a wrong to his country and so foul an insult to his manhood?

This crawling, sneaking, snake-like Radical party is coiling itself about us, binding us cautiously and carefully, whilst it breathes into our very life the poison of monarchical ideas and waits for the opportunity to strike its deadly fangs into the very heart of our Republican system. If it does not desist, it will produce civil war. This government cannot be changed without popular resistance. The question is only how long shall the people endure.

Let this demand go forth from the Delaware to Lake Erie, from New York to the Maryland line: *Submit the suffrage question to the people and let it be settled at the next election of members of the Legislature.*

And, as the alternative, let it be proclaimed throughout the length and breadth of the State, *that the members of the next Legislature who vote for the ratification of the proposed amendment in regard to suffrage, will be held and treated as usurpers of the rights of the people and traitors to their State and their country.—Patriot.*

MR. JOHN QUINCY ADAMS addressed his neighbors of Weymouth, Mass., recently, in a brief and off hand speech, the main subject of which was his recent visit to the South. He told them that he had returned from South Carolina with the intention never to stop, never to relax for one moment, in the heartiest, most earnest and honest efforts to remove all such "blessings" as reconstruction from the necks of every one of his fellow-citizens." This was, he declared, the only issue to him in the present campaign. What "reconstruction" is he defined as follows:

"It is simply this—the rule of the military and nothing else. In order that it may not jar too much upon the nerves of the Republican people to see eight millions of their fellow-citizens held down by the bayonet, they have brought in a great mass of three or four millions of poor, ignorant, degraded black men, and set them up in a row, as it were, across the Southern States, and because they think you cannot see the bayonets behind them, they say, 'That is a Republican form of government.'"

MRS. HILL, a widow lady of considerable wealth, was murdered in Philadelphia on Sunday evening last, and her son-in-law, George Twitchell, and his wife (Mrs. Hill's daughter,) are in prison, charged with the foul crime. It is supposed that she was killed with an iron poker whilst asleep, and her body thrown out of the window into the yard, to induce the belief that she had come to her death by falling out of the window. Money was no doubt at the bottom of the deed.

A MR. LYON, of Lehman township, Pike county, was recently shot by his wife, with whom he had some words. Mr. Lyon was in bed, asleep, when this act of conjugal affection was performed. Both his eyes were shot out, and at last accounts he was in a hopeless condition.

DANIEL WEBSTER, Henry Clay, George Washington, John Milton and Thomas Paine, are among the registered colored voters of Augusta, Ga.

EXECUTION OF A MURDERER—THE KNOT GIVES WAY TWICE.

Another of those terribly shocking scenes at the gallows was witnessed at the execution of Rufus B. Anderson, of Nevada. The usual crowd surrounded the gallows, and the usual military force and attendant clergymen had been employed. After prayer on the platform the prisoner calmly addressed the spectators. Having finished, he stepped forward to the railing, and requested that the deputy sheriff should put the noose around his neck, and then shook hands with those on the platform. He then took his position on the trap, and his hands and feet were bound, and the noose was slipped over his head and the cap drawn over his face. At the signal the trap fell, and the wretched young man lay stretched upon the ground, the knot having given way. There was a wild cry and a rush forward of the crowd, but they were kept back by the guard. Anderson was carried to the platform, the noose was again adjusted around his neck, and the trap fell. The knot gave way again, and Anderson was prostrated insensible. He was carried up the steps of the platform and seated in a chair, his face wearing the pallor of the grave, from which he had been twice snatched. The rope was adjusted the third time. As the trap fell he swung free, and after a slight muscular movement for several minutes, all was over.

JEFF. DAVIS'S TRIAL.—*Speculation as to the Final Disposition of his Case.*—It is perfectly well understood here that the trial of Jefferson Davis cannot and will not take place to-morrow. Mr. Davis could not possibly get to Richmond to be present at his trial to-morrow, and if it had been intended that the trial should begin so soon he would have been notified in person. As this was not done, it is fair to presume that the government is no nearer ready to enter into his trial than it was a year ago. The term of the Supreme Court of the United States is so near at hand that the chief justice would not be able to preside at Davis's trial; besides, Attorney General Evarts is still in this city, and does not expect to go to Richmond to-morrow. It is believed that the trial will be again postponed until some day in next term. There are those here who think that the ex-President of the rebel Confederacy will never be tried, that the case will be postponed from time to time until some other method of disposing of it shall be found. Some persons of the legal profession are of the opinion that Gen. Grant will remove the whole difficulty by recommending Congress to pardon Mr. Davis and let him go. If this should not be done, it is confidently believed that some other means of avoiding a trial will be discovered. It has been seen that in certain cases where the government has been concerned the prosecution can make common cause with the defendant, as exemplified in Stanton vs. General Lorenzo Thomas, and the government vs. John H. Surratt. So says a Washington correspondent of the New York *Herald*, writing on Sunday.

THE HEBREW RACE.—Late foreign news announces the death of Baron James Rothschild, and Joachin Rossini at Paris—each the foremost man of his age in his department—Rothschild the greatest financier, and Rossini the unrivaled musical composer. They were both of Hebrew blood—which shows that that race, though anathematized, dispersed, vilipended and trampled under foot for nearly two thousand years, still possesses wonderful vigor.—Nor are these two the only names that illustrate their race. Nearly every department of art and letters in modern times boasts of Israelites as among its noblest ornaments. The Prime minister of England is a Hebrew of pure blood. The great actress, Rachel, belonged to the same stock. German art and literature are covered with their names—Mendelssohn and Jacobi among the rest. In war alone the race is less conspicuous, though it has been said that Massena and Soult—very respectable military characters—were of that race. Both for genius and success in the world it is a blood that compares favorably with any other extant.—*Richmond Whig.*

A FRIGHTFUL accident occurred one day last week near Johnstown, Cambria county, which resulted in the death of two brothers-in-law, named Joseph Bee and Joseph Noble. It appears that the unfortunate men, who were employed by Messrs. Wood, Morrell & Co., the proprietors of the Cambria iron works, were engaged in blasting in an iron ore bank, on the mountain, a short distance from the borough. They placed a large quantity of powder in a drill, when a premature explosion took place, and the men being unable to make their escape, were instantly killed by the pieces of flying rock. Mr. Noble's body was mangled in a shocking manner, while Mr. Bee's head was blown off his shoulders and his head rolled down the hill.

GOOD JOKE.—The Altoona *Vindicator* tells a good joke at the expense of a young tanner of that place. He was marching in procession, and as he was passing the house of his sweetheart she was sitting at the window, and wishing to attract his attention she threw a soft tomato at him. The youthful tanner was impressed with the idea that the Ku Klux had shot him, and dropping his lamp, he fell over into the arms of a comrade, exclaiming: "Kiss me for my mother! Oh, tell my mother that her darling perished for what he thought was right; whisper my parting blessing to Mary—comrades, avenge my death!" It was some time ere the youth realized the truth, and severe anathemas were showered upon his head for mixing the ranks in inextricable confusion.

A CINCINNATI paper says that the most successful lawyer in the State of Virginia is the ex-confederate General Bradley T. Johnson, of Frederick city, Maryland. He has a great number of Railroad and Bank cases to adjust in Court and his income is not less than $25,000. He lives in Richmond, Virginia.

To make the idea of "universal (negro) suffrage" popular, some of the Radical leaders are advocating female suffrage. What a miserable sham and cheat Radicalism is!

HON. THOMAS H. BURROWES has been chosen President of Pennsylvania State Agricultural College.

HON. E. B. WASHBURNE, of Ill., the "father of the House," will, with the next Congress, begin his ninth term.

TOWN COUNTY AND SURROUNDING COUNTIES.

Dead.—Dr George W. Hinkle died at Hanover, on Saturday last, of apoplexy. His age was 64 years.

Eclipses.—There will be four eclipses during 1869, two of the sun and two of the moon. One of the latter will be visible here, January 27th.

Premiums.—The average premiums received by the Chambersburg Building Association during the past year amounted to 30 per cent.

Railroad Change.—The morning train now leaves Gettysburg at 9 o'clock, and returns at 12.30; the afternoon train at 1, and returns at 4.45. The morning train makes close connections for York and Harrisburg; the afternoon for Baltimore. This change went into effect last Monday.

Snow.—The first snow of the season fell on Friday last, commencing about 9 A. M. and continuing until evening. Melting rapidly, it reached a depth of only about six inches here, but in the mountain, we are told, it was fully a foot deep.

We had another slight fall of snow on Sunday.

Singular.—Whilst this region was visited with a heavy snow last Friday, we learn from the *Intelligencer* that not a flake fell at Lancaster. There was a slight fall there on Saturday, but hardly worth mentioning.

Admitted.—On the 4th instant, at York, on motion of H. L. Fisher, Esq., Messrs. Edward D. Ziegler and Hiram S. McNair (both formerly of this county) were admitted to the Bar. The York papers state that they passed very creditable examinations. Mr. McNair will remove to Junction City, Kansas.

Engineering.—W. W. Wright, Esq., of this county, has been engaged to superintend the erection of the great Bridge for some time projected at Leavenworth, Kansas. He is one of the most accomplished Civil Engineers in the country, and the Leavenworth people have done well by securing his services. The work will require about a year's time.

Deer.—Deer are said to be unusually plenty in the South Mountain. We are told that on Saturday John Hall shot a fine buck, weighing nearly two hundred pounds. Peter Henry also shot one of about the same weight.

—Four Carroll county hunters passed through this place on Wednesday with four deer, one of them very large—shot between Shippensburg and Carlisle.

Improvements.—W. T. Ziegler is putting up a new Carriage Factory, on Washington street, between the Railroad and Chambersburg street.

James Pierce has erected a two-story brick dwelling house on Breckinridge street.

Jacob Hankey and John Eleeser are erecting two-story frame dwellings at the west end of Middle street.

Club Meeting.—The Democratic Club of Gettysburg met in the Arbitration Room in the Court-house on Monday evening, pursuant to public notice. Wm. McClean, Esq., the President, addressed the Club at some length, and was followed with brief remarks by J. C. Neely, Esq., Capt H. Chritzman, H. J. Stahle, and others. A resolution to continue the Club throughout the year, (to meet from time to time at the call of the President,) was unanimously adopted.

The turn out on this occasion was very encouraging, and it is hoped that all future meetings will be as well attended.

New Officers.—Wm. A. Duncan, Esq., was sworn in as District Attorney on Monday, in place of A. J. Cover, Esq., whose term expired. Mr. Duncan has heretofore served in the office with much credit, and will do so again.

Jacob Melhorn, Esq., Prothonotary elect, will enter upon his duties on Tuesday next, Dec. 1st, in place of J. A. Kitzmiller, Esq., whose term will then expire. We risk nothing in saying that Mr. Melhorn will make a very acceptable officer.

Jesse D. Keller, Esq., was, on Tuesday, sworn in as County Surveyor. He is admirably qualified for the position. See his advertisement.

Real Estate Sales.—Henry Slaybaugh has sold his farm, in Butler township, to Daniel Leonard—73 acres, with improvements—at $5 050. Mr. Slaybaugh has purchased 18 acres, with improvements, adjoining Middletown, from Henry G. Kozer, at $2,200.

Christian Hoffman has purchased from Peter Thorn his house and lot on Washington street, near High, for $1,200.

David Kendlehart, Executor of estate of James Bowen, deceased, has sold to Thomas O. Enoch, of Philadelphia, 1½ vacant lots on West Middle street, for $300.

Sheriff Hann, on Saturday week, sold the real estate of Jacob Fulweiler, in Mummasburg—Lot No. 1 for $60, and Nos. 2, 3 and 4 for $105; Wm. McClean, Esq., purchaser.

Jacob Baker has purchased from Peter Belzler 5 acres in Mountjoy township, for $75.

Wedding Cards.—We printed several sets of Wedding Cards during the last week, which have been much admired, and pronounced equal to any work in the line done in the cities. Prices moderate.

—Let it be constantly borne in mind that the COMPILER office is prepared to do all kinds of printing in the best and most tasteful manner—from a single-line Visiting Card to the largest Poster. Bring on your jobs if you want them well executed.

Do Not Fail to read the advertisement of the Massachusetts Mutual Life Insurance Company, in another column of this paper. By reason of the State laws under which this Company is incorporated, it offers greater inducements to insurers than any that we have seen. Massachusetts compels her Companies to give persons insured in them every protection. It

"All's Well that Ends Well."—On Sabbath evening, 8th inst., a cow belonging to George Cameron, of this place, fell through the floor of a well on the farm of Leonard Gutshall, in North Middleton township. The well was some twenty or thirty feet deep, and the water in it eight or nine feet deep. Strange to say, after her first plunge, the cow came to the surface of the water, when some one went down and held her head up, whilst ropes were fastened around her body, and she was lifted to *terra firma* perfectly safe and sound.—*Carlisle Volunteer.*

November Court.—The following cases, all of the Quarter Sessions, have thus far been disposed of:

Commonwealth vs. Christian Heidelwick.—Incestuous adultery and fornication, and assault and battery, upon Catharine Fauble. Verdict not guilty, and prosecutor, Anthony Zellner, to pay the costs of prosecution.

Com. vs. Joseph Staub.—Fornication and bastardy. Settled by the parties.

Com. vs. George Raudle.—Surety of the peace, on oath of U. M. Appler. Complaint dismissed.

Com. vs. Adam McElroy. Two cases of surety of the peace, on oath of S. C. McElroy. Settled by consent of both parties.

Com. vs. Nelson Matthews.—Assault and battery on George Pennington. Defendant plead guilty, and was sentenced to pay one dollar fine and the costs.

Com. vs. Frederick Klinard.—Larceny of gun, &c., from Mr. Pensyl. Defendant plead guilty, and was sentenced to four months and ten days in the county jail, and pay costs.

Com. vs. Sophia Devan and Martha Timbers (both colored.)—Assault and battery upon Harriet Nelson (colored) Bill ignored, and Harriet Nelson, prosecutrix, to pay costs.

Com. vs. Jesse Nelson (colored.)—Assault and battery upon Martha Timbers (colored.) Bill ignored, and Martha Timbers, prosecutrix, to pay costs.

Com. vs. Singleton Welden (colored.)—Larceny of bag of flour, &c. from Bigham & Co. Verdict guilty, and defendant sentenced to the Eastern Penitentiary for six months.

Com. vs. William and George Meyers.—Larceny of sleigh bells from Samuel Jacobs. The jury failed to agree, and was discharged yesterday morning; was out 22 hours.

Com. vs. William and George Meyers.—Receiving stolen goods, (harness,) the property of John Ogden. Verdict not guilty, because the goods, if received, were received in Franklin county, where the trial must take place—and to which this verdict will be no bar.

Com. vs. Joseph Zingand.—Desertion of wife and child. After hearing the case, Judge Fisher advised the parties to settle the matter between themselves—which they subsequently did, and so announced in open Court, to the gratification of all concerned. It may not be improper to state that the constable put in a bill of $25 for arresting Zingand, at Columbia, Lancaster county, but which the Court promptly rejected, denouncing it as exorbitant, and ordering the Clerk to tax it according to the fee bill. This brought it down to $9 88.

Com. vs. Charles Messersmith.—Larceny of two horses from Col. John Waugh, of Hamiltonban township. Verdict guilty, and defendant sentenced to the Eastern Penitentiary for fifteen months.

The Lady's Friend, for December.—In this, their Holiday Number, the publishers have achieved a brilliant success. The beautiful picture of "Robert Burns and Highland Mary," the charmingly unique and suggestive Frontispiece, "Una and the Lion," the gay and graceful Fashion Plate; the handsome Pasha Lamp Mat, Oriental in coloring and design; the Christmas Pudding wood-cut—what an array of attractions to begin with! The music—"Oh, Speak those Words Again!" from Byron, will please the young ladies; and the literary matter is superior, even for this magazine. "Fleeing from Fate!"—a splendid story, by Louise Chandler Moulton, is concluded; and there is also a poem by the same lady—"A Timely Christmas Voice." Mrs. Harriet Prescott Spofford contributes one of her best stories. Miss Douglass concludes "The Debarry Fortune" in a way that every one will like; and Mrs. Hosmer, Mrs. Trowbridge and Sophia May, make out an unequalled list of writers.

The Prospectus for the next year contains unequalled inducements to new subscribers, and we advise our readers to send for a specimen number (which is furnished *gratis*,) and avail themselves of the Publishers' munificent offers. Mrs. Henry Wood, the celebrated author of "*East Lynne*," is also announced for a serial novel for next year. Published by Deacon & Peterson, 319 Walnut street, Philadelphia, at $2.50 a year (which also includes a large steel engraving.) Four copies, $6. Eight (and one gratis,) $12. "The Lady's Friend" and "The Saturday Evening Post," $4.00.

Handsome Steel Engravings.—Mr. Levi Meily is now canvassing this place for two of the most beautiful productions of that master artist, Sartain—one from Eastlake's great painting of "Christ Blessing Little Children," and the other from Dobson's famous painting of "Bethlehem" or "Christ in the Manger." These two steel engravings are match pictures, and are among the best and most magnificent of Sartain's many superior works, and the subjects are such as to make them worthy a place on the wall of any family parlor. They are *perpetual lessons, speaking to the* heart through the delighted eye, and as such should be purchased and prized by every parent. Says an eminent clergyman, "they must be sacred sunshine in every house into which they enter, and I wish they could be suspended in all Christian homes." Mr. Meily is also agent for two other large and splendid engravings executed by the same master artist, Sartain—the one entitled "Christ Rejected," from a colossal and gorgeous painting of the celebrated Benjamin West,—and the other "Christ Stilling the Tempest," from a large and superb painting of Hamilton, the greatest marine artist in this country. This agent intends also to canvass several of the other towns of this county. It

Punch has come to town—and is now doing duty for Mr. Bierbower, the Tobacconist, in the Square. He can be seen daily (Sundays excepted) in front of the Segar Store, inviting customers to stop in and be suited with anything in the segar, tobacco and pipe line—all of which can be had of the best and at reasonable prices. *Punch* is dressed up in a mixed suit of the brightest colors, which seems so to please him as to fix upon his countenance one of his happiest smiles. He has become one of the town's "institutions," and he knows it.

This representation of Punch is one of the best we have ever seen. No wonder it attracts the gaze of all passers; but it would be a wonder if it did not bring Mr. Bierbower many a new customer.

The Attention of our readers is directed to the advertisement of COE'S DYSPEPSIA CURE, in another part of this paper. This truly valuable Medicine is recommended by all who use it. Read the certificates. 30w

The Newspaper in the Family.—It is not every one who appreciates as it should be the value of a family newspaper. Its visitations into the home circle are at all times interesting and agreeable. It is a friend and companion that is not easily dispensed with. To the seeker after knowledge it is ever welcome. The father, mother and child all like to hear and read the news of the week. Their paper is looked upon as an invaluable educator in the family. It will instruct how to read, how to think and how to use and value facts. It is often a sure guide in business. It generally contains information of a practical character upon almost every topic. The farmer gets information from its columns, in reference to the markets and his business, worth ten times its actual cost. The housewife receives hints in reference to household affairs. The interests of the community are always sustained by a live, progressive newspaper. The laboring man is benefited by its teachings and the man of wealth and property is cared for in its instructions. The newspaper is also a pleasant literary companion. While you read over its well filled pages, it seems like holding converse with a familiar and intelligent friend. It enlightens the mind and understanding. It improves the heart. It elevates the soul and enlarges the affections. No one should be without a well conducted, carefully edited newspaper. It is the companion of our solitude, the counselor of our spirits, a true and valued friend, whose presence has a refining influence and whose instructions and words are invaluable and immortal.

How to Judge Poultry.—As the holidays are approaching, the following hints in regard to the selection of poultry may be regarded as "seasonable:"

A young turkey has a smooth leg and a soft bill, and the eyes bright and the feet moist. Old turkeys have scaly, stiff feet. Young fowls have a tender skin, smooth legs, and the breast bone yields readily to the pressure of the finger. The best are those that have yellow legs. The feet and legs of the old fowl look as if they had seen hard service in the world. Young ducks feel tender under the wing and the web is transparent. The best are thick and hard on the breast. Young geese have yellow bills, and the feet are yellow and supple; the skin may be easily broken by the head of a pin; the breast is plump and the fat white. An old goose is unfit for the human stomach.

New Goods.—Duphorn & Hoffman have dissolved by mutual consent, and Mr. Duphorn continues the business on his own book. From his advertisement in another column, it will be seen that he has just been to the cities, and returned with a very large and attractive assortment of new Goods, to which he invites the attention of the old friends of the Store and the public generally. He will spare no effort to please all customers, and hopes to do a large business by always selling Goods at the smallest profits. Call in, and judge for yourselves. It

Furnaces at York.—A company of capitalists, consisting of F. W. Hughes, of Pottsville, Jacob Jameson, of Philadelphia, and Dr. C. M. Nes and Henry Kraber, of York, are erecting a large furnace at the latter place, to engage in the manufacture of iron by a new process, which has been discovered by one of the firm.

The Morning Glory.—Col. C. H. Buehler has received a large assortment of these famous base-burning Stoves, which on the score of economy, cleanliness, easy management, and general utility, stand unrivalled and defy competition. The great demand for them last season taxed the capacity of the manufacturers to meet the demand. They are much improved and will doubtless ere long take the place of all other stoves for parlor, office, store and shop. Call and look at *them, at the Warehouse on the corner* of Carlisle and Railroad streets, opposite the depot.

Also, on hand a full assortment of the best varieties of COOKING STOVES, including the Spear, Noble Cook, Waverly, Oriental, Washing, Barley Sheaf, Prince Royal, Royal Cook, Excelsior, &c. &c., all WARRANTED to be good bakers. If not satisfactory, they

Important.—We need money—must have it—to meet a large bill for paper now due. Indeed it should have been paid a week ago.

Friends in arrears, we beg you to give this matter *prompt* attention. Don't dismiss it with the idea that "some other time will do as well." Until that "some other time" the printer may be pinched and cramped, whilst if he had in his pocket what he has in his books, he might be easy, "owing no man."

To those residing in the county, Court, this week and next week, will afford many opportunities for remitting. Let them be taken advantage of in all quarters. Non-residents are urged to remit by mail.

To all indebted we make this loud appeal—PAY UP!

Now Is The Time.—Housekeepers can economize by laying in their winter coal at once, as freights are now lower than they will be a month hence, and Coal will necessarily rise. Persons desiring to save money, will do well to call at once on Col. C. H. Buehler, who is prepared to furnish all kinds of Stove, Blacksmith and Lime Burner's Coal at lowest market prices. tf

Photographs.—For good Photographs, go to Upton & Myers's. Also Frames, Albums, &c., very low. Try—you'll find it so. tf

NATURE'S GREAT RESTORER.

SCHEETZ'S
CELEBRATED
BITTER CORDIAL.

THIS medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature, and selected with the utmost care. It is not recommended as a CURE ALL, but by its salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are liable. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial result. It is a certain, prompt and speedy remedy for DIARRHŒA, DYSENTERY, BOWEL COMPLAINT, DYSPEPSIA, LOWNESS OF SPIRITS, FAINTING FITS, SICK HEADACHE, &c. For CHILLS and FEVERS of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a perfect digester of food, and will counteract the effects of liquor in a few minutes.

AS AN APERIENT,

There is no medicine so much in use with those who are acquainted with their action as Roback's Blood Pills: they are safe, pleasant and mild in their operation, and are purely vegetable; can be taken by children as well as adults; try them.

SLEEPLESS NIGHTS.

As a remedy to soothe all nervous excitement, and to instruct sense, a nerve, there is, perhaps, no medicine extant which is received with so much favor as Roback's stomach Bitters; a wine glass full on going to bed is all that is required to produce sound and healthful sleep.

ERYSIPELAS,

Or St. Anthony's Fire, can be effectually eradicated by the use of Roback's Blood Purifier in conjunction with Roback's Blood Pills.

OPTHALMIA,

Or, Inflammation of the Eyes, not unfrequently arises from a disordered state of the stomach: a few doses of Roback's Blood Pills will, in most cases, effect a cure by removing the cause.

KEEP YOUR BLOOD PURE.

There are no remedies now before the public, so well calculated to purify the Blood as Roback's Blood Pills: they make the whole system as Roback's Blood Purifier, Blood Pills and Stomach Bitters.

LEUCORRHOEA,

Or, Whites, which follow local debility and constitutional weakness, can be effectually cured by the use of Roback's Stomach Bitters. Do not let the druggist sell you any other remedy, if these Bitters are required. With especial reference to this complaint, and are warranted to cure.

BAD TASTE

In the mouth in the morning is one of the symptoms of a bilious condition or disordered state of the liver, and should not, for a single day, be neglected, as it is but the premonitory symptom of a train of evils and the very seeds of disease. Prepare at once Roback's Blood Pills, administer them according to the directions accompanying each box, and the difficulty and danger of disease will at once be removed.

NOT A BEVERAGE.

Unlike most of the bitters of the present day, Dr. Roback's are not intended as a pleasant stimulating whiskey beverage, but are perfectly medicinal, containing only sufficient Bourbon whiskey to hold in solution the medicinal extractive matter from which they are composed.

WHO SELLS THEM?

The Agents for the sale of Roback's Blood Pills, Stomach Bitters and Blood Purifier are A. D. BUEHLER and J. M. HUBER, Gettysburg, Pa. Oct. 23, 1868. 2m

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. *Through a long series of years, and* among most of the races of men it has risen higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. Public adapted to their various forms of disease and to children, it is at the same time the most efficient remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, it should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. No medicine is of such mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it, as they do to this. Indeed, nothing like it has been known, or even dreamed of, until the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

So *generally* are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance, it is safe, as it is wise to injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe with-out a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in

Farming and Housekeeping.

FALL PLOWING.

Mr. George A. Deitz, of Woodlawn Experimental Farm, contributes the following to the Chambersburg *Repository*. We entirely concur with him as to the advantages of fall plowing in clay soils, as no doubt do most of our Adams county farmers:

Fall plowing is particularly beneficial to heavy clay soils. When the soil is well plowed up the freezing weather of winter disintegrates the lumps and tough clay so that the particles readily mingle and make a good mellow soil. The chemical action of the atmospheric air upon the upturned soil in winter also developes its fertility, which with the mellowing influence materially enchances the prospects of good spring crops. It also helps to destroy noxious weeds and insects, the latter so often detrimental to the corn crop. The wire worm, cut worm and other grubs rarely if ever attack corn planted on soil which has been exposed during the winter.

In the fall, too, farmers have more leisure than in the spring to do their plowing. They can plow deeper as the weather is cool and bracing, and the horses do not become fatigued by heat. More of the sub soil can be turned up without injury to the crop, as the action of the winter thoroughly breaks it up and mingles it with the mould. Farmers should plow deeper than they usually do. When the sub-soil is tough and unctuous, or when there is a hard pan of good quality, deep plowing can be resorted to with great advantage. Indeed deep plowing should be the rule and not the exception. If one-half inch of sub-soil were turned up each plowing, it would be adding so much to the capital of the farmer every time. If done in the fall, the fresh yellow clay would grow several shades darker by spring, and the weather of the winter and the atmospheric action would mellow and make it productive.

WOOD ASHES AS A FERTILIZER.

This is one of the most valuable fertilizers with the farmer. The unleached article has the more potash, but the unleached is thought to be quite as valuable. In leaching they shrink a good deal, and lime is usually added, which increases their value. They are generally sold, too, at a less price. Ashes are well suited to all farm crops, and are very beneficial in the fruit yard and orchard. Most farmers still sell wood in the cities and villages, and rather than go home empty, they should carry back ashes and fertilizers, to replace the potash, lime, and phosphoric acid that have been carried off in the crops and animals sold. Ashes shows immediate effects from their application, and at the same time last long in the soil. They are very highly appreciated in the onion growing districts, but may be applied with equal advantage to ordinary farm crops.—They should be kept as near the surface as possible, spread and harrowed into the seed bed, or applied directly to the growing crops. Make a business of saving, buying, and storing ashes during the winter for the next season's operations.—*Am. Ag.*

REGULARITY OF FEEDING.

Every good farmer knows that a domestic animal is a good clock—that it knows, almost to a minute, when the regular feeding time has arrived. If it has been accustomed to be fed with accuracy at the appointed period, it will not fret till that period arrives, after which it becomes restless and uneasy till its food comes. If it has been fed irregularly, it will begin to fret when the earliest period arrives. Hence this fretting may be entirely avoided by strict punctuality; but it cannot be otherwise. The very moment the animal begins to worry, that moment it begins to lose flesh; but the rate of his loss has never been ascertained—it is certainly worth an investigation—and can only be determined by trying the two modes, punctuality and irregularity, side by side and under similar circumstances and with the same amount of food, for weeks or months together. There is one precaution to be observed in connection with regular feeding, where some judgment is needed. Animals eat more in sharp or frosty, than in warm or damp weather. Hence, if the same amount by weight is given at each feeding, they will not have enough when the weather is cold, and will be surfeited when it is warm and damp. Both of these evils must be avoided, while a little attention and observation will enable the former to do it.

FATTENING HOGS.

To enable farmers to form an opinion of the comparative value of prepared and unprepared corn for hogs, we give the results obtained through the experiments of Samuel H. Clay, of Bourbon county, Kentucky:

"One bushel of dry corn made 5 lbs 0 oz. of live pork; one bushel of boiled corn made 14 lbs. 7 oz. of pork; one bushel of ground corn, boiled, made in one instance, 16 lbs. 7 oz.; in another nearly 18 lbs. of pork.

To get the value of corn, estimate the pork at 8 cents per pound; we have as the result of one bushel of dry corn, 45 cents worth of pork; of one bushel of boiled corn, $1.15 worth of pork; and of one bushel of ground corn, $1.36 worth of pork."

The late Professor Mapes stated as the result of experiments made at Camden, New Jersey, that it requires 30 lbs. of raw corn to make as much pork as 18 lbs. of cooked.

GRAPES.

The cultivation of grapes is one of the easiest things in the world, and especially for the farmers who have ample room for any quantity of grapes without encroaching on a single foot of land that is cultivated. It takes but a short time to set grape vines out, and in any farm there are plenty of old fences and leather, rotten wood and half manure to put about the roots. As a crop for the market nothing pays better. Grapes are never so plenty as to be cheap, and the demand for them is steady. Trained up on barns or sheds in a southern exposure they will do well, and if given a very little attention, will pay a handsome profit in the third year. People who own a house, if there is ever so little land, can still find room about the premises for a dozen grape vines. It should not be forgotten that a good vine will grow as well as a poor one.

TO KEEP WORMS FROM DRIED FRUIT

Put the fruit in common muslin bags, with a little sassafras bark scattered through, a handful of bark to a bushel of fruit, and no worms will trouble it.

A little mixed tid qy a nawsor,

COE'S COUGH BALSAM.

THIS long tried and popular Remedy is again rallied to the attention of the public. As often as the year rolls around, the proprietors annually make their bow to the people, and remind them that amongst the many things required for the health, comfort and sustenance of the family through the long and tedious months of winter, Coe's Cough Balsam should not be forgotten. For years it has been a household medicine—and mothers anxious for the safety of their children, and who suffer from any disease of the throat, chest and lungs, cannot afford to be without it. In addition to the ordinary four ounce so long in the market, we now furnish our mammoth family size bottles, which will, in common with the other size, be found at all Drug Stores.

FOR CROUP,

The Balsam will be found invaluable, and may always be relied upon in the most extreme cases.

WHOOPING COUGH.

The testimony of all who have used it for this terrible disease during the last ten years is, that it invariably relieves and cures it.

SORE THROAT.

Keep your throat wet with the Balsam—taking little and often—and you will very soon find relief.

HARD COLDS AND COUGHS

Yield at once to a steady use of this great remedy. It will succeed in giving relief where all other remedies have failed.

SORENESS OF THE THROAT, CHEST AND LUNGS.

Do not delay procuring and immediately taking Coe's Cough Balsam, when troubled with any of the above named difficulties. They are all premonitory symptoms of Consumption, and if not arrested, will sooner or later sweep you away into the valley of shadows from which none can ever return.

In Consumption

Many a care-worn sufferer has found relief and to-day rejoices that her life has been made easy and prolonged by the use of Coe's Cough Balsam.

In short,

The people know the article, and it needs no comment from us. It is for sale by every Druggist and Dealer in Medicines in the United States.

AYER'S

HAIR VIGOR,

For the Renovation of the Hair.

THE GREAT DESIDERATUM OF THE AGE.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color and the gloss and freshness of youth.* Thin hair is thickened, falling hair checked and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.

McGUIRE'S

SPANISH HAIR DRESSER,

FOR Promoting the Growth, Beautifying the Hair, and rendering it dark and glossy. No other compound possesses the peculiar properties which so exactly suit the various conditions of the human hair. The use of this oil as a hair dresser has been universal in every section of the country in the Spanish Main for centuries. No preparation of art could give that elegant luxuriance and abundance of hair which have so often been the admiration of travelers in Spain. This is highly and delicately perfumed, forming an article unrivalled in excellence and upon which the Spanish people for many years have set its seal of enduring approval.

McGUIRE'S

Mexican Wild Flowers Shampoo Lotion,

For removing dandruff and scurf from the head, whitening and perfuming the skin. This article is entirely different from anything of the kind ever offered in this country, and is warranted free from all poisonous substances. This valuable lotion was used by the Emperor Maximilian, and Empress Carlotta, of Mexico, and universally used by Mexicans for three hundred years. As a wash for the head—it is cooling, cleansing, and refreshing. When thus used it at once relieves headache.

McGUIRE'S

Wild Flowers for the Teeth.

All those who are in favor of white teeth and a pleasant and perfumed breath, should at once use McGuire's Wild Flowers for the Teeth. All these preparations are put up in the most elegant and ornamental manner. We make no exception in saying that they are an ornament to a lady's toilet table, and none complete without them.
